

FILHUIS DEN HAAG WORKSPACE 2012

THE BUILDING

LIST OF AVAILABLE EQUIPMENT

Filmhuis has 7 halls: 5 film halls and 2 multifunctional spaces, among which is zaal 5. Proposals for Workspace12 can use all spaces of Filmhuis, including the café and restaurant, but have to take into account the function and use of the spaces.

Zaal5 is available for Workspace projects, but it is not obligatory to use this space. Zaal5 is trapezium-shaped and globally measures 15 meters in length, 3 meters on the short side, and 8 meters broad on the side of the façade. The height is 5,7 meters.

The film halls are equipped with (digital) projectors. Apart from that, the following equipment is available for flexible use. The purchase or rental costs for additional equipment necessary for a Workspace project should be paid for from the projects' budget.
